MULESHOE HIGH SCHOO

Monica,
Well, another year is over, and we're finally Seniors. It's been a great year and you've really helped it to make it that way. You've been a close friend and I hope it will continue. Thanks for making every day brighter.

Luv ya,
Karen

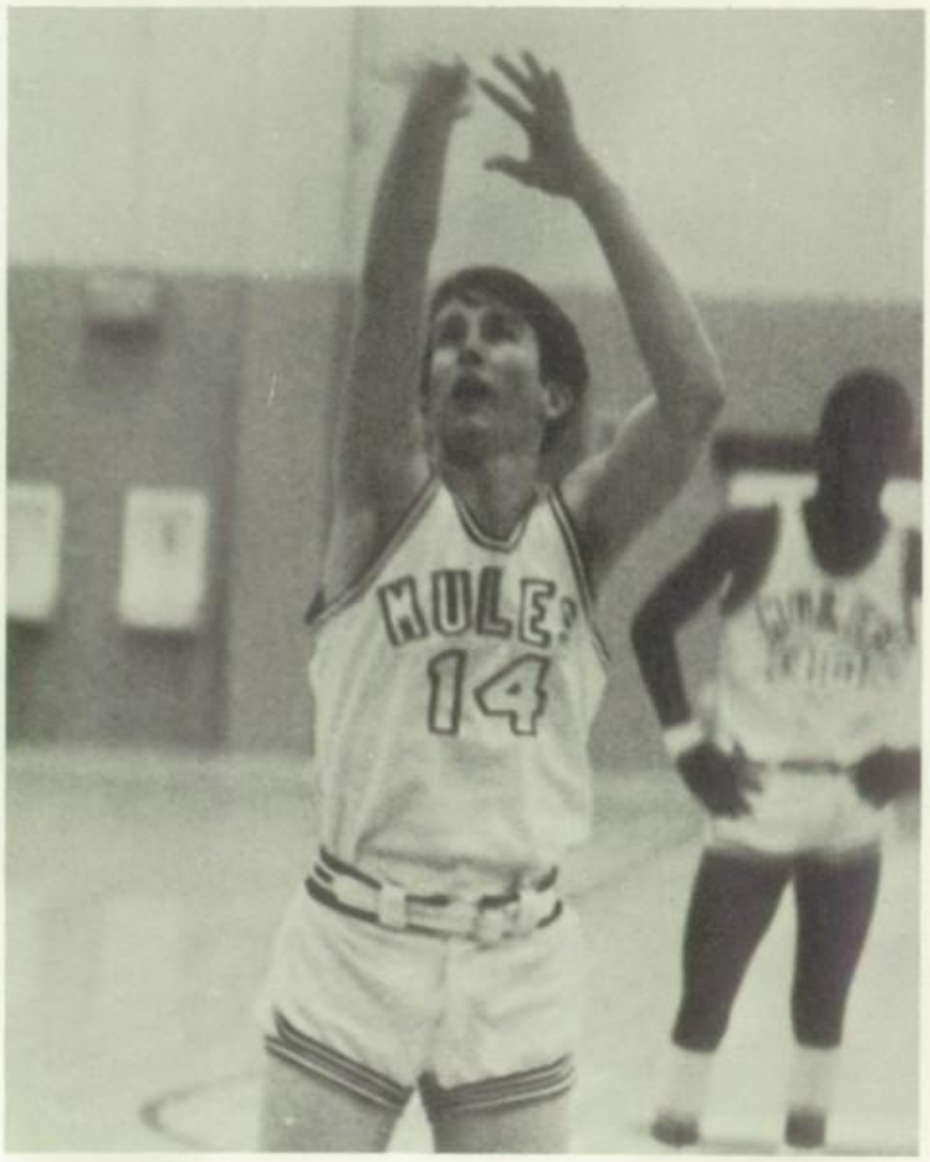
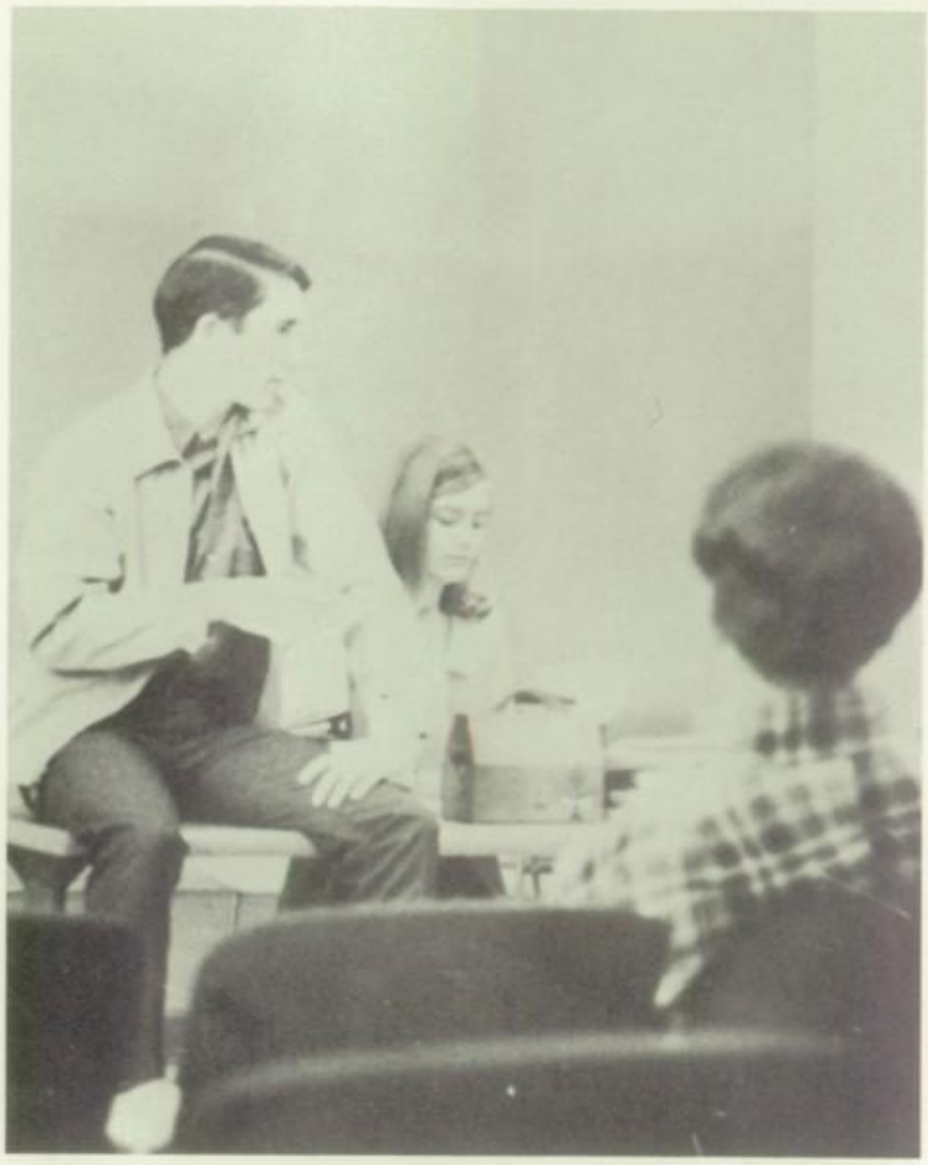
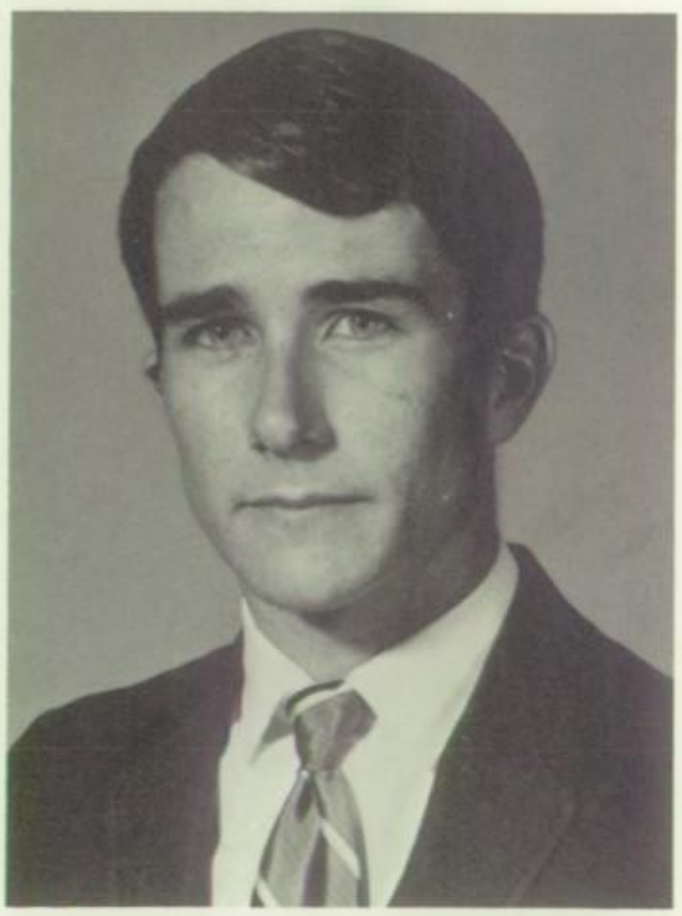
Jerry Putman
Student Council President





"I won't make any promises; but I can promise you one thing, and that's my best." These were the words that Jerry Putman spoke in his campaign speech for Student Council President; and indeed, his word has been well proven. As president of the Muleshoe High School student body, he helped bring about a great increase in school spirit, competition, and achievement scholastically as well as in sports.

Jerry serves as president of Future Teachers of America, vice-president of National Honor Society, and captain of the Varsity basketball team. He is a member of the pep squad and was selected as Best All Around boy by the faculty.



Muleshoe High School Student Council Members

Student Council officers are: (Front Row) Brent Blackman, Parliamentarian; Betty Chandler, Chaplain; Monica Griffiths, Historian; (Back Row) Becky Sain, Reporter; Vicky Julian, Treasurer; Jerry Putman, President; Lee Ann Yerby, Secretary; Martha Jane, Chapman, Vice-President; and Sponsor, Mr. Burel Block, seated.

Representatives are: (Front), Sammye Mardis, Brenda StClair, Kathleen Jennings, Cristy Ford, Melita King, Judy Dodd, Bonnie Chandler, (Back) David Wheat, Lonnie Ferris, Bryan Brady, Cynthia Gable, and Joe Duke.

A Successful Year

This year's Student Council has been a credit to Muleshoe High School and has been one of the leading high school Student Councils in this district. The Council was elected to the office of District Parliamentarian and was well recognized for outstanding leadership in Muleshoe High School.

This year's accomplishments include the long waited for Spirit Buses. These buses served as a means of transportation for those students who otherwise had no way to attend out-of-town football and basketball games.

The Patriotic Assembly given by the Student Council on Veteran's Day was a great success. Included on the program were student speakers Rogelio Puente, Joe Duke, and Brian Brady. The folk singing group shared a great feeling of patriotism when they sang several patriotic songs.

Other accomplishments were a hilarious Twirp Week and Kangaroo Court and various services to the school, such as painting the Basketball girl's dressing room.

Altogether, this has been a successful year of leadership and accomplishment for the 1970-71 Muleshoe High School Student Council.

These Student Council members cheerfully agree that painting the basketball girl's dressing room is more work than it seems.

Bonnie Chandler, Judy Dodd, and Melita King work on Valentines.

The Muleshoe High School Student Council ran for State office this year. Weeks of planning and hard work went into this campaign. Money making projects such as the Student Council Talent Show and Valentine's Day greetings were launched to raise the necessary funds for this campaign.

The Talent Show was successful with every type of talent from hambone and country western music to opera performed at the show.

Boys rush to hold Coach Washington, who was auctioned off at the Student Council Slave Sale.

Runs for State Office

Coach Washington seems unmoved by the trembling Rhonda Bland, who is being auctioned off.

Each and every participant in the Talent Show received a good round of applause, which shows the crowd certainly was not disappointed.

The Valentine's Day project, sponsored by the Student Council, was highly successful and well received by the students and faculty of MHS.

Judy Dodd checks Vicky Julian's copy. The Student Council sent out over 1,000 letters to Texas High School Student Councils.

The Tri C's were one of the high lights of entertainment in the Student Council Talent Show.

Future Teachers Seek

Serving as FTA officers for 1971 are Don Heathington, Parliamentarian; Debbie Bruns, Secretary; Jerry Putman, President; Sharron Davis, Vice-President; and Randy Williams, Chaplain.

Why become a teacher? Many students become teachers because they feel it is a challenge. The challenge is preparing the students of today to become the leaders of tomorrow. Teachers have the responsibility of instilling such qualities as leadership, pride, cooperation, and loyalty into their students. The Future Teachers of America do have a responsibility. They will prepare the future generation to become the leaders of our country.

"GOOD FORM!!" Both teams come out of the huddle and line up in "good formation."

"IT'S MINE!" Golddigger Vicky Julian and Untouchable Mitzi Bass seem to be having a misunderstanding over the possession of the football.

The highlight of Twirp Week was the annual Powderpuff football game, sponsored by FTA. With new tactics this year, the Seniors were paired with the Freshman, uniting as the Golddiggers, opposing the Sophomore–Junior Untouchables. After a hard fought game, the Golddiggers emerged victorious, winning the game 8–0. Both teams showed great athletic ability and put on a fun show.

DEADLINES!

The 1970-71 Mule's Tale Staff; Karen Mayhugh, Cathy Mardis, Babs Haire, and Steve Holfield, spent many hours of hard work gathering adequate news coverage to fill the MULE'S TALE page in the MULESHOE JOURNAL. Deadlines were every Thursday and the paper came out on Saturday afternoon. Betty Chandler, editor, kept things moving, making sure all school functions were represented.

Even though the Staffs this year were quite inexperienced, they all worked hard to try to make this the best year ever for the Mule's Tale and Muletrain.

"BUMFUZZLEMENT"

The Yearbook staff, publishers of THE MULETRAIN, slowly collected vital information, and carefully planned events to offer a good representation of the activities sponsored through various clubs of MHS. Editors of the annual, Bonnie Chandler and Terry Gunter, made sure that all jobs were finished and mailed on time. The staff this year included Jeanene Freeman, Debbie Glover, Shirly Lang, Vicky Julian, and Tommy Clements. Pictures, pictures, and more pictures kept the photographers, C. L. Myers and Terry Gunter; and the lab boys, Curtis Buhrman and Jimmy Lambert, constantly on the go.

NHS—Cream of the Crop

No honor or responsibility conferred by the school excels that of the National Honor Society. It represents the fundamental objectives for which schools are instituted and gives recognition to those who have attained most nearly the desired ends. Other honors of the school are partial in the sense that they recognize specialized ability, skill, or talent; but this Society looks upon education as a total product building character, leadership, and service.

The members of the Dusty Pages serve as the Student helpers in the library. They work one period each day checking books in and out, helping students find references, and performing various other duties.

The sponsor, Mrs. Harlin, enjoys working with the students. She is always willing to help and has done a great deal in preparing students in library techniques.

This year the students are learning to find reference materials and catalog filmstrips, a valuable part of the library reference section.

Library assistants are Kay Douglas, Peggy Carter, Connie Redwine, Dovi Reynolds, and Gary Williams.

Emily watches her parents embrace when she returns to her twelfth birthday.

Is the villain going to propose again?

Caroline Ramsey dances to the music of nature with her father, portrayed by Larry Edler.

Tod Allen, played by Brent Blackman in "Pink Lemonade for Tomorrow," contemplates his own self-destruction.

Joe Duke discusses life and death in "Our Town."

One Acts

The "Night of One Acts" proved to be a great crowd pleaser this year. The first play was "Pink Lemonade for Tomorrow," the beautiful story of two young people, Caroline Ramsey and Tod Allen, both faced with the problems of their future. The second play was the renowned story "Our Town," the story of a typical American small town and the personal lives of its citizens. The third presentation was the hilarious melodrama, "He Done Her Wrong," featuring a villain, hero, and heroine.

Caroline Ramsey, portrayed by Cindy Posey, becomes angry at Sedonia's statement that her father is dead.

Linette Darwood pecks Alvina Moneycracker's cheek after making a cutting, but seemingly innocent remark.

Emily, portrayed by Greta Bamert as she realizes the value of life.

Brent Blackman, portraying Tod Allen, arguing with Caroline Ramsey that her father is never to return . . .

Emily discusses the ignorance of the meaning of life to people with the manager in "Our Town."

Speech Department

The Muleshoe High School Speech Contest Teams attended eight invitational speech tournaments before the District UIL Competition. The AAA team won three Sweepstakes trophies and placed two seconds and three thirds in overall competition. This record enabled the department to be rated as one of the finest in the state.

Twelve of the twenty-one contestants competed for district honors in April. The winners represented their school at Regional and State the last two weekends of April. This is a great win for a team with great pride and spirit for their school, department, and in themselves.

Although not all the contestants have placed in the contests, most of the students have learned a lot just from being involved in their school and its functions. They have learned to have pride in their school and to put forth their best when representing it.

This pride enables the students to have spirit and pride in themselves and in what they do. These are some of the reasons the Speech Contest students brought home top honors from the many Tournaments entered.

CONTEST SPEECH STUDENTS: Back Row: Ed Mason, Chuck Smith, Bryan Brady II, Perry Hall, Kathy Schuster, Martha Jane Chapman, Linda Mason, Middle Row: Richard Meyers, Brent Blackman, Judy Woodard, Greta Bamert, Donna Woodard, Joe Duke, John Garth. Seated: Rogelio Puente, Connie Pruitt, Jennifer Davis, Christy Ford, and Steven Block.

Is Involved

The girl's debate team was very active in the contest speech tournaments. The team was Martha Jane Chapman and Linda Mason. Together they took 2nd in the Hereford Tournament and 3rd in the Dimmitt Tournament. They also made it to the finals in the Friona Tournament.

The FHA sponsors are Mrs. Harbin, Mrs. McCormick, and Mrs. Gramling. These three ladies make up the backbone of the club; and indeed, the FHA girls could never do without them. Each gives her time willingly and unselfishly. They are the ones who helped make this FHA year a successful one.

FHA Leadership

"We are the Future Homemakers of America. We face the future with warm courage and high hope." This is part of the FHA creed, and this year's FHA girls have done a good job in living up to that creed. The whole organization seems to have been vastly changed this year, and all the girls seemed deeply involved in everything accomplished. The first change was the organization of a new chapter, the Rose Blossom chapter, made up of sophomore girls. Another change the Mother-Daughter Night in December. This enabled mothers and daughters to become acquainted with one another and to have a deeper understanding of what the girls had accomplished in FHA.

Rose officers: Vanda Spurgeon, Marilyn Pool, Ricki Stockard, Judy Dodd, Betty Chandler, Dellinda Henry, Cheryl Gable, Cathy McCormick, Brenda Tiller, Peggy Carter.

Enthusiasm ran high as the Mules settled into a new form-winning. They not only won on the scoreboard, but most important, won the hearts of the students who backed the Mules. In MHS, pride was developed by the Mules who never gave up until the final buzzer. To the coaches, players, and trainers, we pay a special salute to the Might Muleshoe Mules. So look back over the year and remember . . .

Two conflicts faced the 1970-71 Mulettes: A lack of experience and a new coach. Though the team lacked in experience, they excelled in spirit and determination. Many long hours were spent in the gym learning the many techniques of basketball. The Mulettes learned that basketball is for those willing to give up a few pleasures for the team, school, and for themselves.

CURRICULUM

School Board—Superintendent—

Board of Education: Back Row: John Gunter, Joe Embry, Carl Bamert, Dr. Charles Lewis; Front Row: Eugene Black, Jinks Meyers, and Aubrey Heathington

As the years roll on to more modern times, each person must strive for a higher education in order to acquire the knowledge needed.

Each member of the School Board, along with the superintendent, tries his best to set up a schedule to help the students prepare for these modern times. Each member is wholeheartedly interested in the education of the students. Everything they decide is decided in their interest. Through careful planning and with this important thought in mind, the Board of Education sets high standards for the Muleshoe School System.

Early in each year, all new students to Muleshoe and the freshman are introduced to Mr. Neal B. Dillman. He extends to them a warm welcome to Muleshoe High School and wishes them success.

Throughout the school year, he is constantly lending his helping hand to anyone who needs it, whether he be a Senior, Junior, Sophomore, or Freshman. He is always there when a student needs him. This quality of his has earned him an outstanding reputation of "a true friend to students" throughout the entire community in his eleven years of service as superintendent of the Muleshoe Schools.

Administrative Personnel

Though most people think that the Superintendent and School Board do all the work at the Administration office, there wouldn't be an administration office without the Administrative Personnel. The people are Mrs. Watson, Curriculum Director; her secretary, Mrs. Cowan; Mr. Dillman's secretary, Mrs. Edwards; the bookkeeper, Mrs. Skipworth; tax collector, Franklin Mann; Mr. Brown, Business Manager; and Tom Jinks, Special Programs Coordinator.

Elizabeth Watson, an outstanding woman and educator, is completing her seventh year as Curriculum Director of the Muleshoe Schools. In addition to her regular duties of co-ordinating programs of study, she also helps the teachers with their individual problems. Having once been a teacher herself, she is well aware of the teacher's problems.

When one enters the main office, he is greeted by one of his four best friends: Mr. Mardis, Mr. Graves, Mr. Gramling, or Mrs. Murray.

Throughout the year, these four people concentrate their efforts to help every student in any way possible.

Mr. Mardis might be seen giving advice to a student on some important matter. Asking questions about a student's attendance would be Mr. Graves. Mr. Gramling could be seen giving advice to a senior about college choices. Making out a tardy slip for some unfortunate student who didn't quite make it to class on time would be Mrs. Murray. Any one of these sights are common in MHS and may be seen each and every day.

English and Experiences

With the coming of modern times the English Department is changing its techniques in some ways. For example, English students this year are experiencing a new technique in the library by looking up definite questions in different reference books. This kind of knowledge helps all students, but particularly Seniors in writing their English research papers.

Aside from this, other new classroom techniques are in progress. Students are reading in class prize winning literature as well as classics.

Mrs. Kerr is caught by surprise as she grades test papers in the library.

Literature of the Mind

These include THE SCARLET LETTER, WUTHERING HEIGHTS, FAIL SAFE, LORD OF THE FLIES, TO KILL A MOCKINGBIRD, GIANTS IN THE EARTH, FAR FROM THE MADDING CROWD, MUTINY ON THE BOUNTY, THE PEARL, and I NEVER PROMISED YOU A ROSE GARDEN.

In addition to the traditional grammar, students are now experimenting with the new linguistic form of grammar.

With these additions to the English Department, English now becomes a "part" of the students in their future years.

The Library—Center

Whether a student is looking for information, references, good books, or a quiet place to study, the library is the place to find it.

Here, he is able to find information, references, or books needed for almost any research paper or term theme. These are also books for every type of student.

Mrs. Harlin likes to encourage all students, especially the Juniors and Seniors, to learn to use the library effectively and efficiently so they will know what to look for in a college library.

Better Understanding of the Sciences

The five courses in science offered to MHS students are Physical Science, Biology, Chemistry, Physics, and Advanced Science.

The demand for the last three has grown extensively in the last few years. So great is this demand that it has been necessary for Mr. Smith, chairman of the Science Department, to limit the number of students in the Advanced Science class. Only Seniors are eligible to enroll in Advanced Science and certain requirements are set up by the state.

MHS has some of the most outstanding pieces of equipment available and facilities for lab work and study are superb.

Although the courses may be difficult, they are very interesting and the students have "loads" of fun!

"Stunned faces of Chemistry students taking a test.

"As long as you study, you're not going to fail," Mr. Brady explains to his Biology students.

A Math for Every Student

Whatever a student may do in the future, he will use some type of math. The Mathematics Department trains each student in basic mathematics.

The MHS Mathematics Department offers Related Math I and II; Algebra I, II, and III; Trigonometry; Plane Geometry; and Plane and Solid Geometry. Each student will take and use at least one of these courses before he leaves the halls of MHS. No matter what he does, he still must know the four fundamental operations of math: addition, subtraction, multiplication, and division. Each instructor is well qualified in his subjects.

Mrs. Jennings helps Janice ponder out an Algebra problem.

Social Studies—Relating

Although most students enroll in Social Studies classes only because they are required and think of them as dull, ancient subjects, most students come out of the classes with more knowledge than they realize.

The students in Social Studies learn that some of the problems of today existed thousands of years ago. With subjects such as Civics, Economics, American History, World History, Texas History, and World Geography, a wealth of knowledge is available.

With competent instructors, each student will remember and appreciate his classes in Social Studies for a long time.

No matter what field or vocation the students of today enter, they will need at least a little knowledge in one or more of the vocational courses offered at MHS. Courses include Vocational Homemaking I, II, & III; Home & Family Living; Consumer Education; Vocational Agriculture I, II, & III; Ag. Occupation; Auto Mechanics; and Distributive Education.

Students in Homemaking classes study dating, sewing, cooking, first aid, and child care. These studies help the students to be prepared to make better homes.

Ag. students study livestock farming, crop farming, and other valuable information related to the farm occupations.

The young men & women enrolled in Home & Family Living and Consumer Education study family life and how to manage monetary affairs. These two courses were introduced this year and have many students enrolled.

Mrs. Gramling works out a program of work for her Home Ec. classes.

A Must in the Future

Some of the students take a clown break in Ag. II class.

Ag. occupation students attend classes part of the day and are employed in some type of agriculture or farm jobs. Each boy learns the importance of both economics and records in the fields studied in the vocational courses. Ag Occupation enables a boy to study in depth the possibilities of careers in which he is interested.

Industrial Arts Opens Creative Minds

Boys who enroll in Industrial Arts are usually interested in working with their hands. Industrial Arts I and II and Mechanical Drawing are offered.

In Industrial Arts I, the first nine weeks is spent in class on basic operations in drafting. The balance of the year is spent in the shop on woods. Industrial Arts is a prerequisite for either Industrial Arts II or Mechanical Drawing.

Industrial Arts II offers more experience in the shop and greater skills are developed.

Mechanical Drawing is more advanced drawing, and students spend the last nine weeks drawing a set of house plans.

The boys do make mistakes but they learn to create beautiful things with their hands.

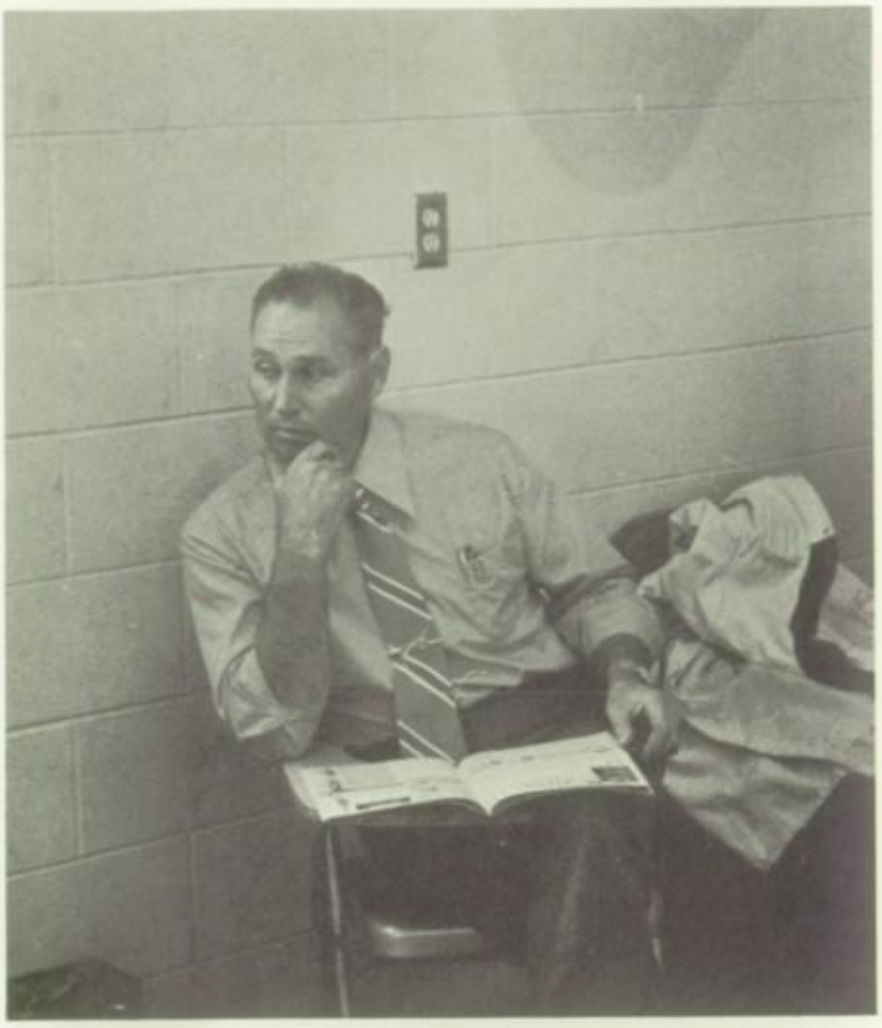
Auto Mechanics



It must be Monday!

Auto Mechanics teaches the students the basic fundamentals of safety and automobile repair. They learn general tune-ups as well as repairs. Some members of the community bring their cars in for service. Though the work won't be that of an expert, it is done with as much attention and care as possible to please the owner. These jobs, have earned the boys a good reputation throughout the community.

It's just gotta go in there somewhere!!

Setting the timing is just one of the many things the boys in Auto Mechanics learn to do.

Distributive Education

Students involved in Distributive Education receive on-the-job training. They attend regular classes for three, four, or five periods a day and work the remaining part of the day. This experience helps to train them for future jobs.

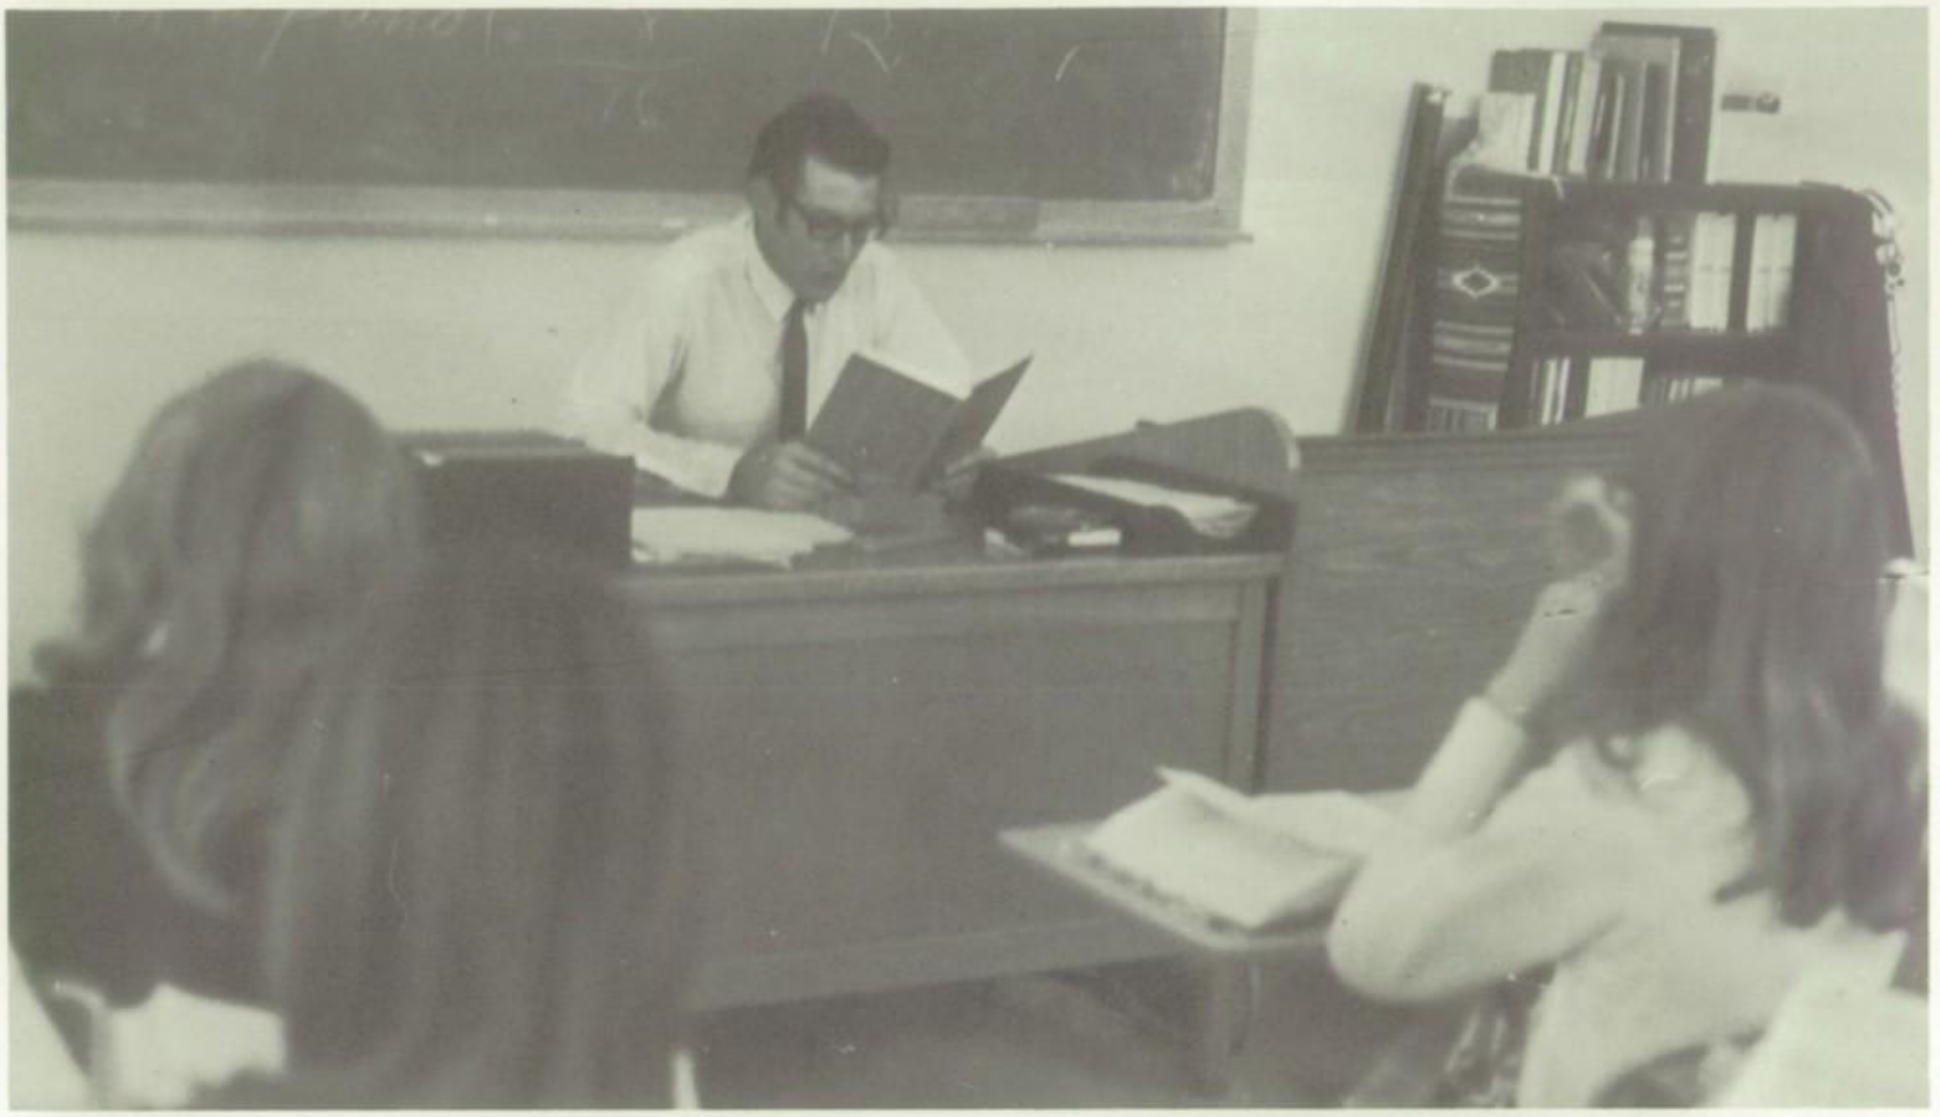
Foreign Language-Intriguing Exploit



Mr. Block translates a Latin story to his Latin II class.

As a student walks out of the first class of Foreign Language, he thinks, "Why did I ever enroll in that class? I'll never learn it!" But as the year goes by, he learns that it is almost easy and hates to leave the class.

As one walks past the foreign language lab, he might hear the gruff command to "trill the R!" That's only Mr. Block going over his daily drill. Constant drill is the only way to learn a language; and in Mr. Block's class, one drills! Mr. Block, a most efficient instructor for Spanish I and II and Latin I and II, is fluent in Spanish.

Business Vocations Need

No matter what type of business vocation a person enters he will need some type of business training. This kind of training is offered at MHS in a variety of courses. These include Typing II, Office Practice, General Business, Shorthand, and Bookkeeping.

In these subjects the students study the basic fundamentals of business. Students in Office Practice learn how to do basic jobs in an office such as using dictaphones, electric typewriters, and copy machines.

As one walks down the halls of MHS he will hear the constant "click-click" rhythm of typewriters or a time bell sounding. These are our future business leaders in the process of learning.

Fine Arts—Expression of the Mind

Whether a person likes to express himself in singing, acting, playing an instrument, drawing, or just plain speaking presents no problem for the MHS Fine Arts Department.

Speech I and II are offered to those who wish to express themselves in acting or some form of speaking. Mr. Moore, a competent instructor, is in charge of these classes.

Band is offered to students wishing to express themselves in instrumental music. Mr. Harvey is the band director and Mr. Badger is his assistant.

Art I and II are offered to those wishing to express themselves in drawing and painting. Mrs. Black, an excellent artist herself, tries to convey her talents to her students.

P.E.—Physical Fitness

Each student not enrolled in band or athletics is required by the State to take two years of Physical Education.

In the P.E. classes, students learn to have fun while exercising or learning team and individual sports. Team sports may include handball, baseball, or volley ball. Individual sports may include sports which can be continued in adult life such as fundamentals of bowling, golf, tennis, archery; and for boys, boxing.

The P.E. classes also have ten to fifteen minutes of vigorous exercises each day to warm up and get ready for the sports.

The P.E. students must also take Physical Fitness tests three times a year. The first is at the beginning, the second in the middle, and the third near the end of the school year.

These tests include drills on running, jumping, throwing, kicking, and agility drills which are designed to find out where the students are physically and in what areas they need to improve.

Two outstanding Juniors were chosen for second-runners-up for Prince and Princess of Friendship. Always friendly (and usually together), these two students are a very friendly couple at MHS.

Prince of Friendship

Always smiling and willing to lend a helping hand! These are just a few of the traits that won the honor of Prince of Friendship for C. L. Myers. For an honor of friendship, C. L. is surely deserving.

C.L. Myers

Princess of Friendship

A warm personality and a friendly smile are just a few characteristics that won the honor of Princess of Friendship for Becky Sain. Congratulations to a truly deserving girl.

Becky Sain

Best Citizens of MHS

C.L. Myers
Judy Dodd

Citizenship is something to be proud of. It is pride in one's school as well as one's country. Citizenship is respecting the ideas and opinions of fellow students and teachers. It is standing up for what one believes in without degrading the other person's beliefs. C. L. and Judy are both fine examples of good citizens. MHS is proud to have fine students like C. L. and Judy in our school.

Best All Around

Jerry Putman

Betty Chandler

They have worked to improve the school. They have given both time and effort to make MHS a better school. These are just a few of the qualities that Jerry and Betty possess. Jerry and Betty are devoted leaders, working for a purpose. They are interested and involved in what is going on. Outstanding students, Jerry and Betty are truly "best all around."

IT'S NOT SO BAD!!!
Mark Dillman and Becky Sain seem to think that being Band Favorites isn't so terrible after all.

One of the highlights of the band year was the crowning of the 1971 King and Queen. Receiving the traditional red roses was Becky Sain, with Mark Dillman doing the honors of crowning. Becky plays the flute and is Band Librarian and Mark is President of the Mighty M Band. Both students are very deserving of this honor.

Basketball Homecoming

The 1971 Basketball Homecoming Candidates are awaiting the final decision. They are Andra Kay Douglass and Jerry Scoggin, Judy Winn and Mike Riley, and Ricki Richardson and Jerry Putman.

1971

THE QUEEN AND HER COURT. Enjoying the game after the half-time activities are Judy Winn; Ricki Richardson, the 1971 Homecoming Queen; and Kay Douglass.

SOCK IT TO HER. It seems congratulations are always in order after the winners have been announced. Congratulations Jerry and Ricki!

Queen of the Muleshoe Mules

—Attendant—Cathy Mardis

An exciting win over the Friona Chieftans made the perfect setting for the 1971 Homecoming activities. The climax of the half-time activities was the crowning of the 1971 Homecoming Queen. Suspense was in the air as the three lovely candidates and their escorts walked onto the field. The 1971 Homecoming Queen . . . Miss Judy Winn.

Mark Dillman escorts Judy Winn off the field after the half-time activities. Marilyn Pool and Cathy Mardis were chosen as attendants to the football queen. Jack Allison escorted Marilyn Pool and Tommy Taylor escorted Cathy Mardis.

Beaus and

Most Handsome

Most Beautiful

The two most Beautiful People of Muleshoe High School for 1970-71 are Deborah Williams and Greg Little. Having the same type of talent, Deborah played the theme from "Gone With the Wind," and Greg played a classical number on the piano. MHS picked two well deserving students to represent Most Beautiful and Most Handsome for 1970-71.

Beauties of MHS

1st Runners Up

Beautiful people of MHS this year include Cassie Precure and C. L. Myers. They were the 1st runners up at the annual beauty pageant. Cassie played a beautiful classical song on the piano for her talent. C. L. sang the famous "Auctioneer Song."

2nd Runners Up

The 2nd runners up this year for Most Handsome and Most Beautiful are Deborah Wagnon and Lance Puckett. For her talent, Deborah did a modern dance routine to "Hawaii Five-O." Lance sang a very famous country-western song, "I Wanna Go Home." These truly are two more Beautiful people of MHS.

Spirit is a combination of cherished tradition and pride in one's school. Many times, the work done by the cheerleaders is taken for granted by the student body. Truly, this year year showed some of the greatest effort and enthusiasm of any cheerleaders of MHS. Although there were few victories, spirit remained high in the hearts of these six girls. These girls gained, through cheerleading, enough memories to last a lifetime.

To Lead Mules to Victory

Pep Club officers for 1970-71 are Betty Chandler, Vice-President; Vicky Julian, President; and Jeanene Freeman, Secretary-Treasurer-Reporter.

Pep Club members give the "victory" signal as they leave on the Pep Club bus for Boys Ranch. After all, we did win.

For the first time in MHS history, a bus was taken to the out-of-town games for the Pep Club, thanks to the work of the Student Council. More students were able to attend the games, promoting more spirit. This spirit and loyalty will remain in the hearts of students for years to come.

There are sad and happy moments to remember in a pep rally. This can be seen on the faces of the football team and the Pep Club.

Mule mascots for 1970-71 are Melita King, Vanda Spurgeon, and Bonnie Chandler.

Such a busy year.
There were money-making projects
such as the Junior slave sale . . .
the Thanksgiving supper . . .
all for the most important,
the Jr.-Sr. banquet.
And with each Junior class
the Seniors can look forward

Junior Leaders

Junior Sponsors Coach Hedgecoke, Betty Jennings, Elizabeth Black, and Burel Block.

The Junior students experience many "fun filled" events in their daily lives before realizing that before too long they will no longer be as a unified body. The Junior year acts as a balance between the Senior and Sophomore as the Junior follows the Senior and leads the Sophomore. They hope to take up the leadership next year and carry the banner with dignity and pride.
It has been said that "Experience is a marvelous thing . . . it enables one to recognize a mistake so as not to make it again." And certainly, the Seniors of 1972 are gaining valuable experience.

Seniors '73

Sophomores have found that the second year of high school is far more down-to-earth than their Freshman year. Preparing for their future is difficult, but it also has its pleasures. They have been keeping busy by supporting school organizations and activities.

Sophomores elected these officers to serve their class for 1970-71: David Harris, President; Mike Slayden, Vice-President; Rhonda Bland, Reporter; Tani Murrah, Secretary; Tracy Cowan, Treasurer; and Jennifer Davis, Parliamentarian.

"All American Mule"

Using the theme of the "All American Mule" the Sophomores worked very hard to create an atmosphere of spirit for a homecoming victory.
The class used red, white, and blue streamers. Their talents of drawing and painting were displayed in a mock scene of the Friona football game, placed on the north wall of the Sophomore hall.

Freshmen—Being Themselves

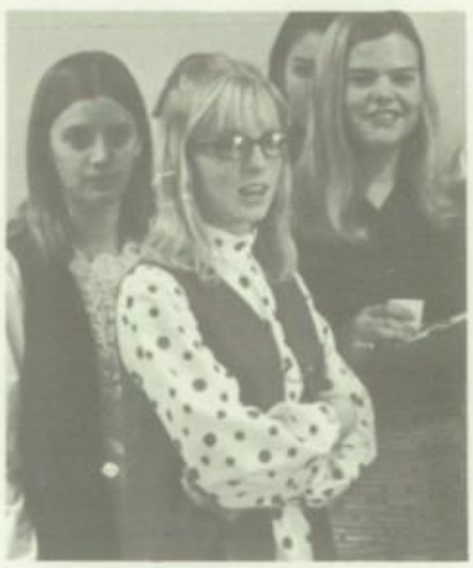
Why didn't the other class tell us this test would be so hard?

He's mine, All mine!

You mean I mixed the whole thing wrong!

I knew I should have been studying, there's the teacher.

How was I supposed to know you'd count it wrong?



No matter what you say, I will NOT do it!

Don't worry, it'll be nice and warm down there.

Don't worry, Clifton, it won't bite!

I wonder what's for lunch!

Well, why didn't you tell me?

You're Kidding!

GAS WILL POWER THE FUTURE

Imagine a small cabinet-size unit in your home that produces all the electricity you need. Well, such silent, efficient Gas fuel cells already exist and have proved themselves in actual operation. They are the same in principle as those now powering our spacecraft. Research is proving that the most economical way to produce energy is to convert piped Gas at the point of use. But that isn't surprising because Gas is almost pure energy.

Monica,
Well I really don't know what to say. I don't know what I would have done without you last summer. Thanks for being a real friend to me. I hope we have a lot of fun next summer and I wish you the way you always succeed!
Love ya'

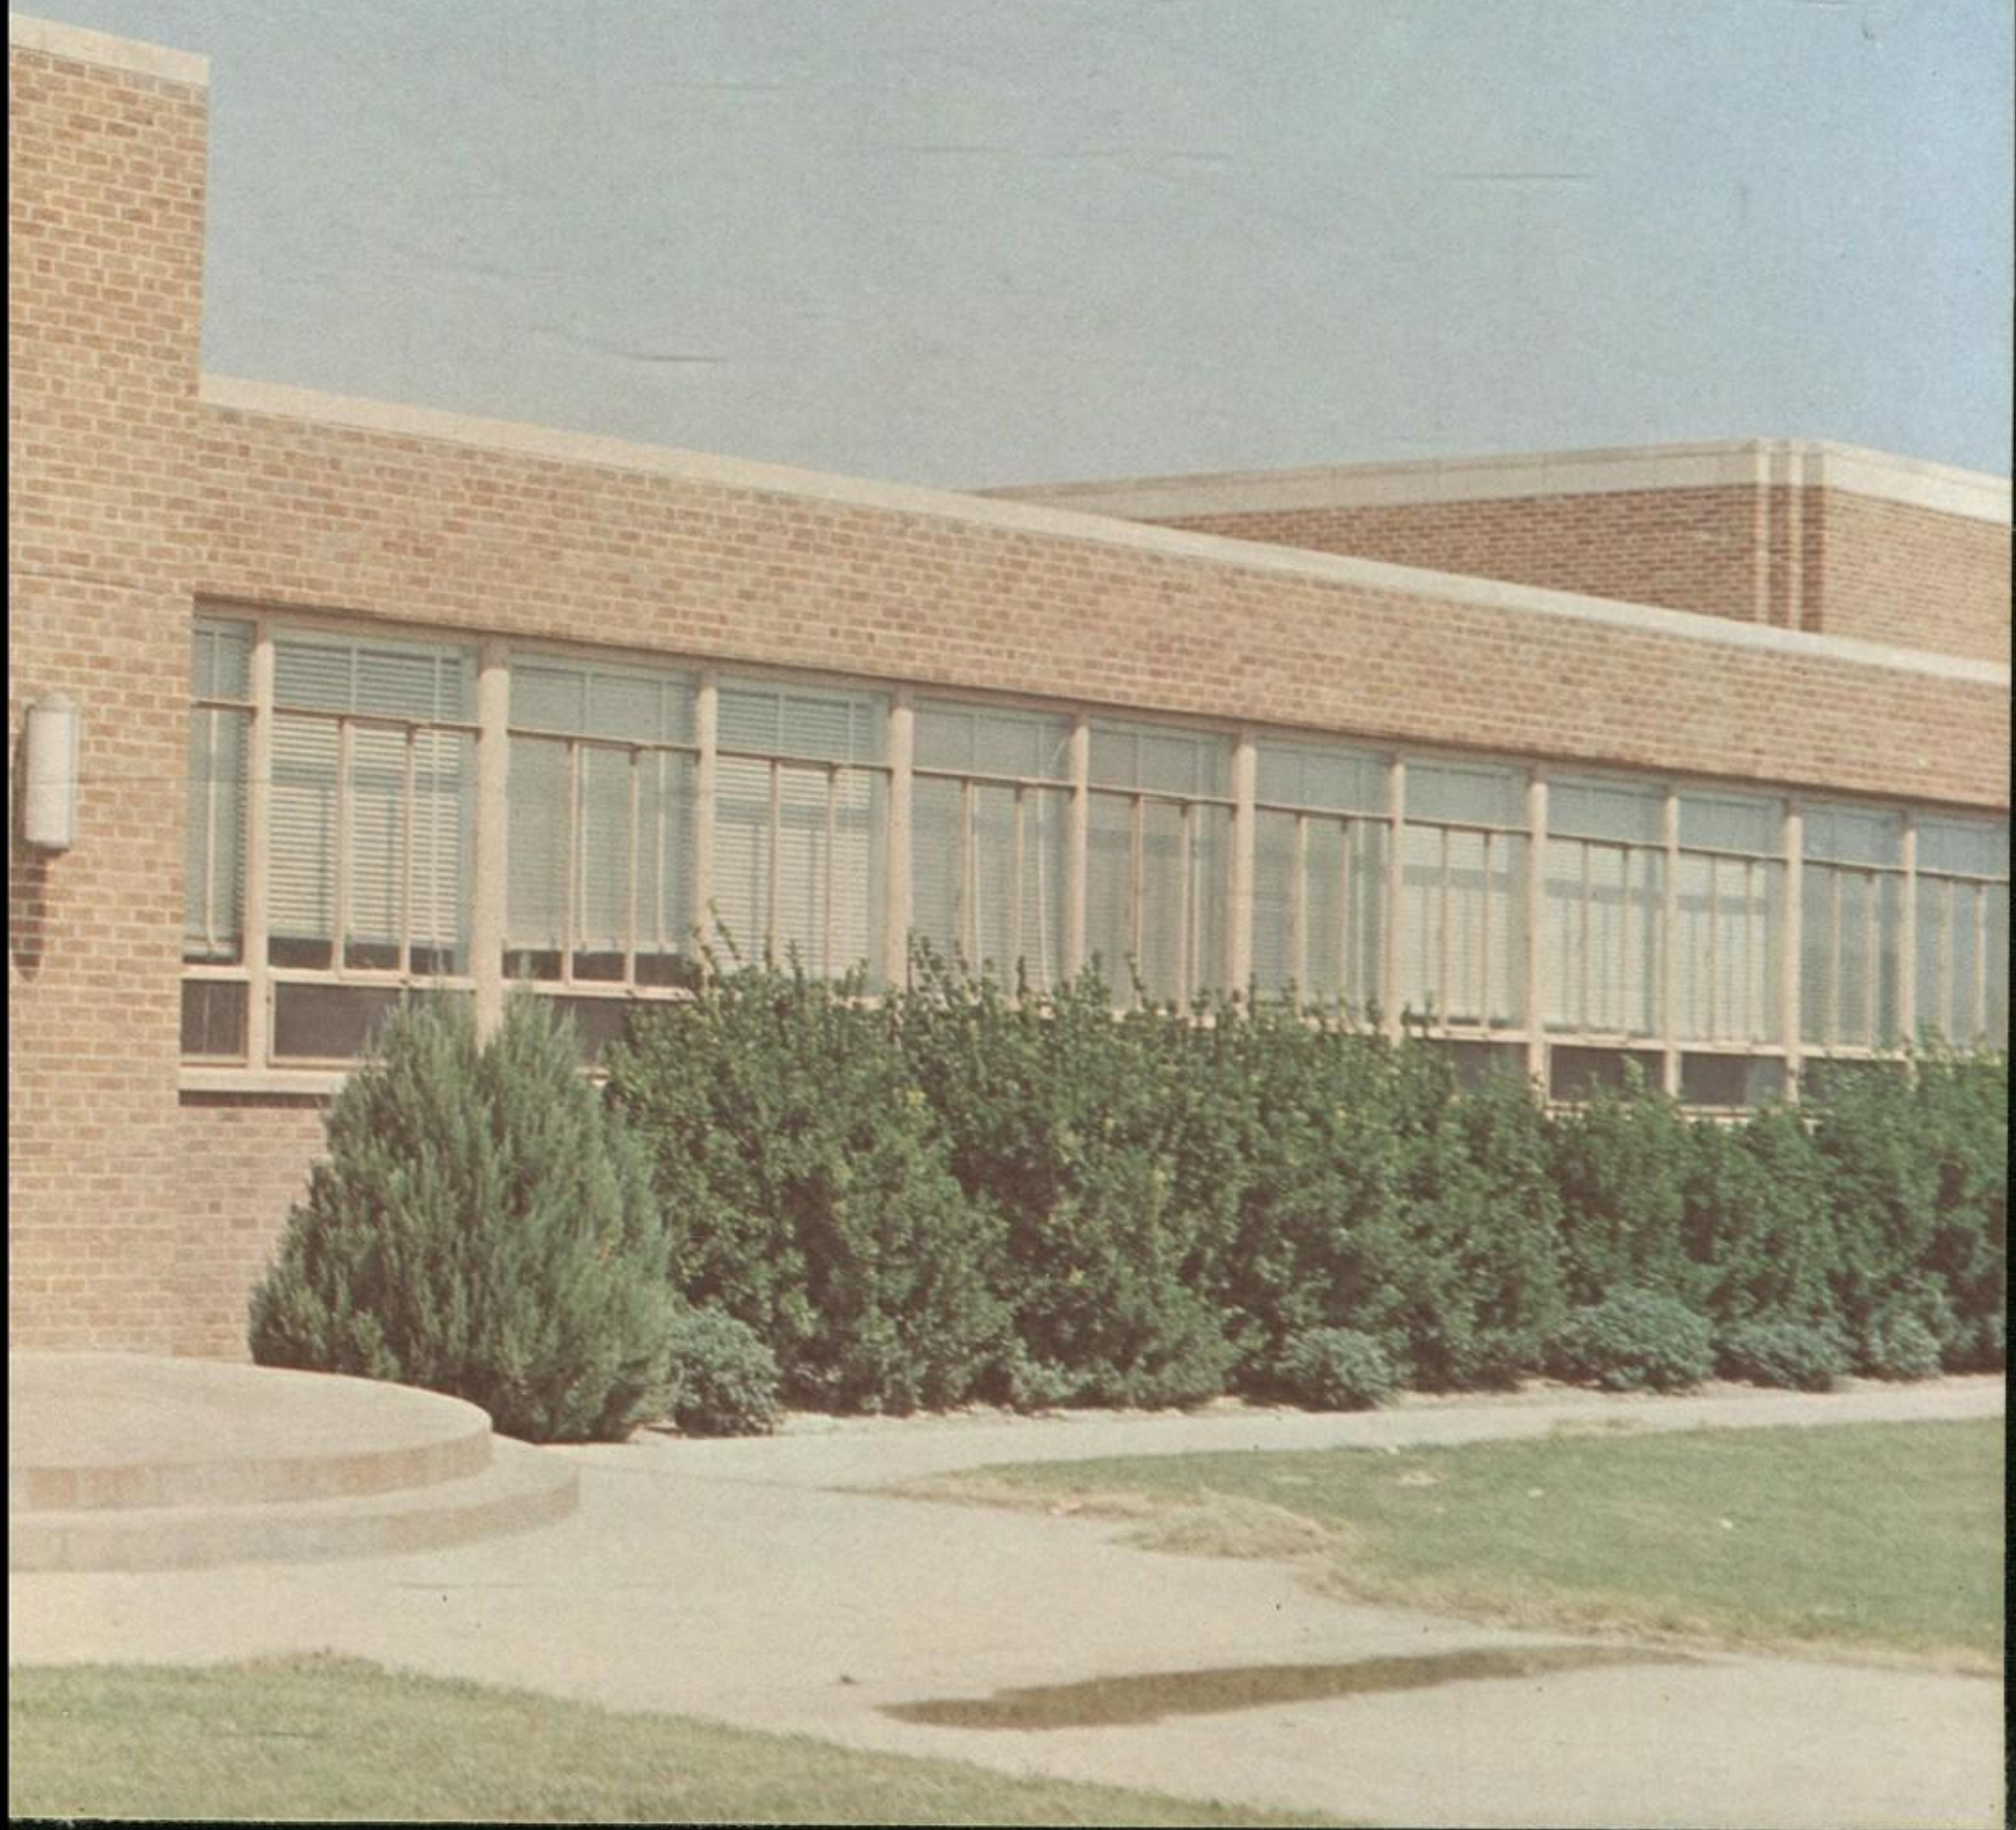
MULESHOE HIGH SCHOOL

Monica,
I know we've had
our ups and downs
but through it all I
still consider you one
of my best friends.
Good luck always. I
hope next year is as
good this.


Love ya,
Cynthia
